NEW SERIES, VOLUME 1, JULY-DECEMBER, 1906

No. 16

October 18, 1906

WASHINGTON
GOVERNMENT PRINTING OFFICE
1906

BOOKS; DRAMATIC COMPOSITIONS; MAPS AND CHARTS

CLASS A BOOKS.

Includes books, pamphlets, leaflets, etc., and periodical contributions, in two groups, arranged alphabetically by author or title. The first group contains the titles of books for which printed catalogue cards are issued by the Library of Congress, and other similar works. The second group includes the titles of pamphlets, leaflets, and contributions to periodicals, and all other productions registered under the legal designation "book."

The number in heavy-faced type at the end of a title at the right is a serial number by means of which reference is made in the index to this title. Thus in the index under the heading "William Taylor Adams," will be found the number 3799. A search for this number in the catalogue locates the title. This number is used instead of a page number.

The number at the end of a title at the left and immediately above the copyright notice is the **Library of Congress order number for the printed card for this title.** Thus at the end of the title "Lake breezes," is the number 6–34809, indicating that printed cards will be supplied by the Library of Congress, and that in ordering such cards this number may be used.

NEW SERIES, VOLUME 1, JULY-DECEMBER, 1906

No. 17

October 25, 1906

WASHINGTON
GOVERNMENT PRINTING OFFICE
1906

BOOKS; DRAMATIC COMPOSITIONS; MAPS AND CHARTS

CLASS A, BOOKS

Includes books, pamphlets, leaflets, etc., and periodical contributions, in two groups, arranged alphabetically by author or title. The first group contains the titles of books for which printed catalogue cards are issued by the Library of Congress, and other similar works. The second group includes the titles of pamphlets, leaflets, and contributions to periodicals, and all other productions registered under the legal designation "book."

The number in heavy-faced type at the end of a title at the right is a serial number by means of which reference is made in the index to this title. Thus in the index under the heading "The American and English annotated cases," will be found the number 4019. A search for this number in the catalogue locates the title. This number is used instead of a page number.

The number at the end of a title at the left and immediately above the copyright notice is the **Library of Congress order number for the printed card for this title.** Thus at the end of the title "Attfield, John," is the number 6–35472, indicating that printed cards will be supplied by the Library of Congress, and that in ordering such cards this number may be used.

NEW SERIES, VOLUME 1, JULY-DECEMBER, 1906

No. 18

WASHINGTON
GOVERNMENT PRINTING OFFICE
1906

BOOKS; DRAMATIC COMPOSITIONS; MAPS AND CHARTS

CLASS A, BOOKS

Includes books, pamphlets, leaflets, etc., and periodical contributions, in two groups, arranged alphabetically by author or title. The first group contains the titles of books for which printed catalogue cards are issued by the Library of Congress, and other similar works. The second group includes the titles of pamphlets, leaflets, and contributions to periodicals, and all other productions registered under the legal designation "book."

The number in heavy-faced type at the end of a title at the right is a serial number by means of which reference is made in the index to this title. Thus in the index under the heading "Selections from the works of Joseph Addison," will be found the number 4508. A search for this number in the catalogue locates the title. This number is used instead of a page number.

The number at the end of a title at the left and immediately above the copyright notice is the **Library of Congress order number for the printed card for this title.** Thus at the end of the title "Addison, Joseph," is the number 6–35716, indicating that printed cards will be supplied by the Library of Congress, and that in ordering such cards this number may be used.

INDEX TO PART 1. BOOKS, DRAMATIC COMPOSITIONS, MAPS AND CHARTS.

This index contains in one alphabet, in addition to the names of copyright proprietors of books, dramas, and maps, the names also of the authors of books (except authors of leaflets and contributions to periodicals), the titles of anonymous books (except titles of anonymous leaflets and contributions to periodicals), the names of the authors of dramatic compositions, the titles of dramatic compositions, and the subject words of the titles of maps.

NEW SERIES, VOLUME 1, JULY-DECEMBER, 1906

No. 19

November 8, 1906

WASHINGTON
GOVERNMENT PRINTING OFFICE
1906

BOOKS; DRAMATIC COMPOSITIONS; MAPS AND CHARTS

CLASS A, BOOKS

Includes books, pamphlets, leaflets, etc., and periodical contributions, in two groups, arranged alphabetically by author or title. The first group contains the titles of books for which printed catalogue cards are issued by the Library of Congress, and other similar works. The second group includes the titles of pamphlets, leaflets, and contributions to periodicals, and all other productions registered under the legal designation "book."

The number in heavy-faced type at the end of a title at the right is a serial number by means of which reference is made in the index to this title. Thus in the index under the heading "Alabama. *Supreme court.* Reports . . . November term, 1904–1905," will be found the number 4804. A search for this number in the catalogue locates the title. This number is used instead of a page number.

The number at the end of a title at the left and immediately above the copyright notice is the **Library of Congress order number for the printed card for this title.** Thus at the end of the title "Baker, Albert Rufus," is the number 6–37642, indicating that printed cards will be supplied by the Library of Congress, and that in ordering such cards this number may be used.

NEW SERIES, VOLUME 1, JULY-DECEMBER, 1906

No. 20

November 15, 1906

WASHINGTON
GOVERNMENT PRINTING OFFICE
1906

BOOKS; DRAMATIC COMPOSITIONS; MAPS AND CHARTS

CLASS A, BOOKS

Includes books, pamphlets, leaflets, etc., and periodical contributions, in two groups, arranged alphabetically by author or title. The first group contains the titles of books for which printed catalogue cards are issued by the Library of Congress, and other similar works. The second group includes the titles of pamphlets, leaflets, and contributions to periodicals, and all other productions registered under the legal designation "book."

The number in heavy-faced type at the end of a title at the right is a serial number by means of which reference is made in the index to this title. Thus in the index under the heading "Howard S. Abbott. A treatise on the law of municipal corporations" will be found the number 5100. A search for this number in the catalogue locates the title. This number is used instead of a page number.

The number at the end of a title at the left and immediately above the copyright notice is the **Library of Congress order number for the printed card for this title.** Thus at the end of the title "Allen, Philip Loring, 1878," is the number 6–38914, indicating that printed cards will be supplied by the Library of Congress, and that in ordering such cards this number may be used.

WASHINGTON
GOVERNMENT PRINTING OFFICE
1906

BOOKS; DRAMATIC COMPOSITIONS; MAPS AND CHARTS

CLASS A, BOOKS

Includes books, pamphlets, leaflets, etc., and periodical contributions, in two groups, arranged alphabetically by author or title. The first group contains the titles of books for which printed catalogue cards are issued by the Library of Congress, and other similar works. The second group includes the titles of pamphlets, leaflets, and contributions to periodicals, and all other productions registered under the legal designation "book."

The number in heavy-faced type at the end of a title at the right is a serial number by means of which reference is made in the index to this title. Thus in the index under the heading "Abendschein, Albert," will be found the number 5521. A search for this number in the catalogue locates the title. This number is used instead of a page number.

The number at the end of a title at the left and immediately above the copyright notice is the **Library of Congress order number for the printed card for this title.** Thus at the end of the title "The secret of the old masters," is the number 6–40200, indicating that printed cards will be supplied by the Library of Congress, and that in ordering such cards this number may be used.

NEW SERIES, VOLUME 1, JULY-DECEMBER, 1906

No. 22

WASHINGTON
GOVERNMENT PRINTING OFFICE

BOOKS; DRAMATIC COMPOSITIONS, MAPS AND CHARTS

CLASS A, BOOKS

Includes books, pamphlets, leaflets, etc., and periodical contributions, in two groups, arranged alphabetically by author or title. The first group contains the titles of books for which printed catalogue cards are issued by the Library of Congress, and other similar works. The second group includes the titles of pamphlets, leaflets, and contributions to periodicals, and all other productions registered under the legal designation "book."

The number in heavy-faced type at the end of a title at the right is a serial number by means of which reference is made in the index to this title. Thus in the index under the heading "Adam, G[raeme] Mercer," will be found the number 5800. A search for this number in the catalogue locates the title. This number is used instead of a page number.

The number at the end of a title at the left and immediately above the copyright notice is the **Library of Congress order number for the printed card for this title.** Thus at the end of the title " . . . Spain and Portugal," is the number 6–38371, indicating that printed cards will be supplied by the Library of Congress, and that in ordering such cards this number may be used.

NEW SERIES, VOLUME 1, JULY–DECEMBER, 1906

No. 23

WASHINGTON
GOVERNMENT PRINTING OFFICE
1906

BOOKS; DRAMATIC COMPOSITIONS; MAPS AND CHARTS

CLASS A, BOOKS

Includes books, pamphlets, leaflets, etc., and periodical contributions, in two groups, arranged alphabetically by author or title. The first group contains the titles of books for which printed catalogue cards are issued by the Library of Congress, and other similar works. The second group includes the titles of pamphlets, leaflets, and contributions to periodicals, and all other productions registered under the legal designation "book."

The number in heavy-faced type at the end of a title at the right is a serial number by means of which reference is made in the index to this title. Thus in the index under the heading "Abbott, Benjamin Vaughan," will be found the number 6683. A search for this number in the catalogue locates the title. This number is used instead of a page number.

The number at the end of a title at the left and immediately above the copyright notice is the **Library of Congress order number for the printed card for this title.** Thus at the end of the title "The American-Honduras company," is the number 6–40987, indicating that printed cards will be supplied by the Library of Congress, and that in ordering such cards this number may be used.

No. 24

WASHINGTON

GOVERNMENT PRINTING OFFICE

1906

BOOKS; DRAMATIC COMPOSITIONS; MAPS AND CHARTS

CLASS A, BOOKS

Includes books, pamphlets, leaflets, etc., and periodical contributions, in two groups, arranged alphabetically by author or title. The first group contains the titles of books for which printed catalogue cards are issued by the Library of Congress, and other similar works. The second group includes the titles of pamphlets, leaflets, and contributions to periodicals, and all other productions registered under the legal designation "book."

The number in heavy-faced type at the end of a title at the right is a serial number by means of which reference is made in the index to this title. Thus in the index under the heading "Addison, *Mrs.* Julia de Wolf [(Gibbs)] 1866–," will be found the number 6889. A search for this number in the catalogue locates the title. This number is used instead of a page number.

The number at the end of a title at the left and immediately above the copyright notice is the **Library of Congress order number for the printed card for this title.** Thus at the end of the title "The art of the Dresden gallery;" is the number 6–42448, indicating that printed cards will be supplied by the Library of Congress, and that in ordering such cards this number may be used.

WASHINGTON

BOOKS; DRAMATIC COMPOSITIONS; MAPS AND CHARTS

CLASS A, BOOKS

Includes books, pamphlets, leaflets, etc., and periodical contributions, in two groups, arranged alphabetically by author or title. The first group contains the titles of books for which printed catalogue cards are issued by the Library of Congress, and other similar works. The second group includes the titles of pamphlets, leaflets, and contributions to periodicals, and all other productions registered under the legal designation "book."

The number in heavy-faced type at the end of a title at the right is a serial number by means of which reference is made in the index to this title. Thus in the index under the heading "Alarcón, Pedro A[ntonio] de," will be found the number 7124. A search for this number in the catalogue locates the title. This number is used instead of a page number.

The number at the end of a title at the left and immediately above the copyright notice is the **Library of Congress order number for the printed card for this title.** Thus at the end of the title "Novelas cortas," is the number 6–43932, indicating that printed cards will be supplied by the Library of Congress, and that in ordering such cards this number may be used.

GOVERNMENT PRINTING OFFICE

1906

BOOKS; DRAMATIC COMPOSITIONS; MAPS AND CHARTS

CLASS A, BOOKS

Includes books, pamphlets, leaflets, etc., and periodical contributions, in two groups, arranged alphabetically by author or title. The first group contains the titles of books for which printed catalogue cards are issued by the Library of Congress, and other similar works. The second group includes the titles of pamphlets, leaflets, and contributions to periodicals, and all other productions registered under the legal designation "book."

The number in heavy-faced type at the end of a title at the right is a serial number by means of which reference is made in the index to this title. Thus in the index under the heading "Adams, John Coleman," will be found the number 7351. A search for this number in the catalogue locates the title. This number is used instead of a page number.

The number at the end of a title at the left and immediately above the copyright notice is the **Library of Congress order number for the printed card for this title.** Thus at the end of the title "An honorable youth," is the number 6–45015, indicating that printed cards will be supplied by the Library of Congress, and that in ordering such cards this number may be used.
